

# SAINT MARY'S UNIVERSITY RESIDENCE HANDBOOK

[REVISED: 21 January 2025]

We acknowledge our presence in the traditional lands of the Mi'kmaq nation. This territory is covered by the Treaties of Peace and Friendship which the Mi'kmaq and Wolastoqiyik peoples first signed with the British crown in 1725. The Treaties did not deal with surrender of lands and resources but in fact recognized the Mi'kmaq and Wolastoqiyik title and established the rules for what was to be an ongoing relationship.

# **LIVING IN RESIDENCE: A GUIDE TO THE SAINT MARY'S RESIDENCE COMMUNITY**

# WELCOME

Welcome to Saint Mary's University and the Saint Mary's residence community!

Not all learning happens in the classroom. An important part of university is experiencing life in residence. By living in residence here at Saint Mary's students get to know people from around the world in a close-knit community, while experiencing life at the heart of the university.

Our residence community is a living-learning community that exists within the larger University's learning, teaching, and working community of students, faculty and staff, and we are committed to providing a civil and safe environment which is respectful of the rights, responsibilities, well-being and dignity of all. We are committed to creating a culture of respect and a campus environment free from oppression manifested in racism, sexism, homophobia, heterosexism, transphobia, ageism, ableism and other forms of systemic and social exclusion.

Our many residence choices allow you to select your living arrangements based on your unique needs. If you are new to university, find the perfect spot in one of our three furnished residence buildings on campus (located minutes away from downtown Halifax and the beautiful Atlantic Ocean). We also have graduate and family housing options.

SMU Dining (Aramark Higher Education), our campus food service provider here at Saint Mary's, offers full food services throughout the academic year. Choose a meal plan that suits your dietary needs and your budget.

This Residence Handbook is designed to outline how we live in residence here at Saint Mary's and to provide answers for the questions you might have about the residence community. For more information, visit our [Housing & Residence website](#) or visit the Housing & Conferences Services office located in Loyola (LR114).

All the best for a safe and successful year!

# WHO'S WHO IN RESIDENCE

## RESIDENCE STAFF

### **Director, Housing & Conference Services**

The Director, Housing & Conference Services, administers University residences, Family Housing, and Conference Services, oversees external agents such as the Beauty Salon and the Barber Shop located in residence, and is involved in the administration of Food Services, Vending, Beverage Services, and Print services at the University, as well as the University's Campus Bookstore. The Director oversees residence application and assignment processes through the Housing & Residence Office and is aided in this by three Housing & Residence Representatives. In addition, the Director supervises staff in the department, prepares and administers the annual budget, develops and reviews departmental policies and procedures affecting the quality of student life, and liaises with students, parents / supporters, the broader University community, and the general public. The Director is also involved in student conduct administration.

### **Assistant Director, Residence Life**

The Assistant Director, Residence Life oversees the residence life program and is responsible for maintaining a high quality of life in our Saint Mary's residence community, supervising and working closely with the Residence Coordinators, the Programming & Engagement Coordinator, and the Residence Assistants.

### **Residence Coordinators (RC)**

Each of the three residences in our community (Loyola, Rice, and Vanier) has a live-in, paraprofessional Residence Coordinator (RC). RCs assist with the supervision of our student staff (RAs) and also serve as mentors, administrators, and community advisors. Residence Coordinators work with RAs to identify student and community needs and then develop programs designed to address those needs. RCs also foster a positive living-learning environment conducive to the academic goals of the university and promote responsible behavior among residents (including intervention and follow-up with individuals experiencing behavioural / disciplinary issues or other personal challenges). RCs also hold office hours in the evenings and participate in an after-hours on-call system throughout the academic year.

If a resident is experiencing a problem with residence living, they should not hesitate to see their Residence Coordinator.

### **Residence Assistants (RA)**

Residence Assistants (RAs) are senior student leaders who live in residence. RAs are carefully selected and receive extensive training in maintaining community standards, peer counselling, community programming development and crisis management.

RAs provide personal assistance to students, co-ordinate social and educational programs, explain and enforce policies and regulations, carry out various administrative tasks, and act as a liaison between students and residence administration. They aim to promote an atmosphere in residence that is fun, friendly, and fulfilling, while maintaining a degree of order and discipline. They also try to maintain a balance between a reasonably quiet environment for studying and sleep, and an atmosphere where students can relax and socialize.

Residents meet their RA shortly after they move in. RAs distribute supplies, post information on the floor, and holding regular floor meetings to keep residents informed, hear their concerns, and help them meet floor-mates.

**Programming & Engagement Coordinator**

The Programming & Engagement Coordinator (PEC) supports initiatives in the areas of residence life programming, student engagement, and living-learning communities. The PEC coordinates the implementation and delivery of the programming in our residence, assists in the training and supervision of student staff, helps develop new initiatives intended to heighten the involvement and engagement of students in the Residence Community, the University, and the broader Halifax community, and is also involved with living-learning communities in residence.

**Housing & Residence Representatives**

Located in Housing & Conference Services office (LR114), the three Housing & Residence Representatives are committed to providing information and resources to residence students to maximize their residence experience. They educate and inform current and future residence students on residence policies, procedures, application processes, move-in and departure information, as well as liaise with other departments on campus to ensure a smooth and successful transition into life in residence.

**Assistant Director, Residence Services**

The Assistant Director, Residence Services is responsible for maintaining a safe, secure, and comfortable atmosphere for all residence community students by implementing and enforcing residence community standards, rules, and regulations. The Assistant Director is aided in this by a team of Residence Services Officers (RSOs).

**Residence Services Officers (RSOs)**

Residence Services Officers (RSOs) are members of a student security team under the supervision of the Assistant Director, Residence Services. They work to ensure that the residence community is a safe and enjoyable experience for everyone. RSOs are trained to help inform and educate students about residence community standards, rules, and regulations, and to help enforce University policies and procedures. RSOs are also trained to respond to emergency situations.

RSOs can be contacted by calling the Loyola Residence Desk, which is staffed 24 hours / day, 7 days a week, at: 902.420.5591.

**Manager, Residence Services**

Under the supervision of the Director, Housing & Conference Services, the Manager, Residence Services coordinates residence maintenance and custodial services in conjunction with the Facilities Management Department.

## CONFIRMING A RESIDENCE OFFER

Once an individual has been accepted for residence, they will receive notice via email that the University has made a commitment to provide them a bed space in residence for the upcoming academic year.

**Individuals MUST CONFIRM their intention to accept the University's offer of a residence bed space by reading and submitting a signed Residence Agreement as well as a \$500 Residence Confirmation Deposit. This is done via the Residence Portal.**

**Individuals should ensure that their signed Residence Agreement and \$500 Residence Confirmation Deposit are both received as directed.** Posting a payment to a student account does not constitute confirmation of a residence offer.

**Upon receipt, the \$500 Residence Confirmation Deposit is held by the University and will be applied against second semester residence fees in January.**

**PLEASE NOTE: If the signed Residence Agreement and \$500 Residence Confirmation Deposit are not received by the required date, an individual's residence application is automatically withdrawn. Individuals are encouraged to contact Housing & Residence, prior to the deadline, to ensure their signed Residence Agreement and \$500 Residence Confirmation Deposit have been received.**

**If individuals contact Housing and cancel their room reservation in writing by August 1, \$250 of the \$500 Residence Confirmation Deposit is refundable. The balance of the Residence Confirmation Deposit (\$250) is neither refundable nor transferable and is absorbed by the University.**

**There are no refunds of the \$500 Residence Confirmation Deposit after August 1.**

## WAIT-LIST PROCEDURE

The University often receives more residence applications than there are available beds. Once all residence bed spaces are full, individuals are offered an opportunity to be added to the Residence Wait-List, if they wish.

In order to confirm acceptance of a Residence Wait-List offer, individuals MUST:

- Read and submit a signed copy of the "Wait-List Agreement" to Housing, AND
- Submit a \$500 Residence Confirmation Deposit (payable to Saint Mary's University)

Position on the wait-list is determined by the date and time the University receives the signed Wait-List Agreement and \$500 Residence Confirmation Deposit.

Once placed on the wait-list, an individual's position / number may improve:

- IF someone currently assigned a bed space withdraws academically from the University, or
- IF someone ahead of them on the wait-list withdraws their residence application

**If an individual on the wait-list is offered a bed space, they MUST acknowledge the acceptance of the offer in writing within the specified deadline (determined and noted when the offer is made). After that acknowledgement is received, the individual will be officially assigned to their bed space.**

On the second day of classes all individuals still on the Residence Wait-List are required to contact Housing (as per the conditions in the Residence Wait-List Agreement).

### **ROOM ASSIGNMENTS**

Individuals are required to occupy the specific room / apartment and bed space assigned to them by Housing. Rooms and bed spaces in residence are assigned on a priority basis taking into consideration, but not guaranteeing, the specific requests of applicants. **Preferences, including room types, floor types, and specific buildings, provided via the application process are not guaranteed.** Room assignments for September are completed over the summer and are normally available in late July or early August. Room assignments for individuals starting in January are available in mid-December.

### **REQUESTING ROOMMATES**

Individuals applying for bed spaces in double rooms or apartments can apply in pairs or groups of three / four, respectively. Roommates must request each other before Housing will place them together. Housing will assign roommates to individuals without specific roommate requests, taking into consideration the profile information presented on their residence application. Roommate request are not guaranteed.

### **ROOM ASSIGNMENTS**

While taken into consideration during the room assignment process, preferences outlined in residence applications are not guaranteed.

Returning students who complete an application and pay their \$500 Residence Confirmation Deposit on or before the deadline dates provided by the Housing & Residence Office are normally given room assignment priority, though specific placements are not guaranteed. If either of the above conditions is not met, a returning student forfeits their seniority for room assignment. Priority for assignments is determined based on numerous factors including, but not limited to, application date, deposit date, medical / personal wellness considerations, availability of spaces, etc.

After returning student requests have been accommodated, room assignments are completed for off-campus and new student applications. Priority for room assignments is determined based on numerous factors including, but not limited to: application date, deposit date, medical / personal wellness considerations, availability of spaces, etc.

Priority for a particular room / apartment normally goes to the individual who lived there the previous year, provided they have met application process requirements, though this not always the case, depending upon circumstances.

# RESIDENCE AGREEMENT & TERMS OF OCCUPANCY

## RESIDENCE AGREEMENT

The Residence Agreement is a rental contract between the student and the University outlining the student's obligations regarding the terms of occupancy, conduct, payment of fees, etc. Students under 19 years of age must have the Agreement signed by a parent or guardian.

Students may not be permitted to move into residence until they have completed and signed the Residence Agreement. If a student fails to sign a Residence Agreement, for whatever reason, prior to taking up residency, the terms and conditions as outlined in the Residence Handbook will be the basis of the rental contract between the University and the student. "Student" for the purpose of the Residence Agreement, refers to anyone attending an educational institution, whether it is Saint Mary's University or another institution.

The Family & Graduate Housing Residence Agreement is distinct from the standard, single student housing Residence Agreement, including key differences in terms of occupancy periods, term, and withdrawal / refund policies. Individuals should be sure to closely read and understand their Residence Agreement.

## RESIDENCE PRIVILEGES

The University reserves the right to refuse an application for residence accommodation, to cancel / suspend residence privileges at any time and to reassign individuals to other rooms for reasons it deems appropriate.

## ELIGIBILITY

Students must be in full-time attendance at Saint Mary's University (or another approved post-secondary institution) in order to be eligible for residence accommodation. Students who are registered part-time may be considered for residence at the discretion of the Director. Students whose status changes from full-time to part-time, during the academic year must notify Housing & Residence.

## MOVE-IN SCHEDULE

Students who have been accepted for residence accommodation will be sent a schedule of move-in dates and times and they must plan to arrive according to this schedule. The University will not accept responsibility for students who arrive outside the scheduled dates and times and it is the student's responsibility to find and pay for temporary accommodations if required. Residence move-in usually takes place early in September (2-3 days before classes begin). Residence move-in for the second semester takes place in early January (normally 1 day before classes begin).

## THEFT & LOSS

The University cannot assume responsibility for lost, stolen, or damaged possessions. As such, individuals are advised against leaving large sums of money or valuables in their rooms. Any theft or loss should be reported immediately to the Halifax Police, University Security, and the Loyola Residence Desk.

## TENANT & LIABILITY INSURANCE

Individuals are responsible for arranging adequate insurance coverage for their belongings. The University's insurance policy does not cover damage to or loss of individual's personal property, however caused.

Individuals should contact their insurance agent to determine if they are covered under their parent's home insurance and if so, for what amount. Individuals should also determine if additional insurance is required for more expensive items such as a camera, TV, stereo, computer, or jewelry. The University will not assume responsibility for

loss or damage to any possessions, however caused. Individuals are responsible for reporting stolen personal items to the Halifax Regional Police.

Individuals are also responsible for arranging adequate liability insurance coverage. The University's insurance policy does not assume liability on behalf of individuals or cover damage to or loss of personal property, however caused.

Questions to ask an insurance agent:

1. Am I covered under my parent's policy while I am away at school?
2. For what amount am I covered?
3. Are there any restrictions to this coverage?
4. Should I have additional coverage for any valuable items?

## **OCCUPANCY PERIOD**

With the exception of Family & Graduate Housing apartments, the occupancy period for each semester begins with the scheduled date and time for residence move-in and concludes 24 hours after each student's last examination according to the formal examination schedule prepared by the Registrar. Therefore, the occupancy period may be different for each individual student. The occupancy period extends for the entire academic year as per the 8-month Residence Agreement **but does not include the holiday break stay-over period outlined below.**

Individuals who fail to properly check out of their residence space at the appropriate time are subject to additional charges and fees, including, but not necessarily limited to, Failure to Depart charges, improper check out charges, and/or nightly tariffs.

The Family & Graduate Housing occupancy period is as noted in its specific Residence Agreement, though generally speaking Family & Graduate Housing occupancy periods run until July 31 of the following year.

## **HOLIDAY / CHRISTMAS BREAK & STAY-OVERS**

**The occupancy period does not include the Holiday / Christmas break period.**

Individuals in single student housing must apply for permission to remain in residence during the holiday break by completing a Stay-Over Request and submitting it by the noted deadline to Housing. Approved individuals are charged a stay-over fee via their student account. They may be required to temporarily move into a room other than the one assigned to them for the academic year. Students who apply to stay for holiday period after the posted deadline will be charged a late fee of \$75 in addition to the stay-over fee.

All students who are continuing their studies at the University in the Winter semester are permitted to leave their belongings in their room and retain their keys over the holiday period. Please note that the University Services are very limited over the Christmas break / holiday and the offices and cafeterias are closed.

Individuals who fail to properly check out of their residence space at the appropriate time are subject to additional charges and fees, including, but not necessarily limited to, failure to depart charges, improper check out charges, and/or nightly tariffs.

For additional information on stay-overs, individuals should contact Housing at [residence.housing@smu.ca](mailto:residence.housing@smu.ca).

## **EXTRA DAYS: EARLY ARRIVALS & EXTENSIONS**

Under normal circumstances, individuals are not permitted to arrive earlier, or stay later, than the occupancy period detailed in the Occupancy Period section of this Residence Handbook.

Individuals who fail to properly check out of their residence space at the appropriate time are subject to additional charges and fees, including, but not necessarily limited to, Failure to Depart charges, improper check out charges, and/or nightly tariffs.

# WITHDRAWING FROM RESIDENCE OR BREAKING A RESIDENCE AGREEMENT

## SINGLE STUDENT HOUSING

An individual who wishes to break their Residence Agreement and/or withdraw from residence must officially notify Housing in writing and complete the appropriate procedures and forms.

If applicable, the student must also confirm (in writing) that they have withdrawn academically from all of their classes. Students attending institutions other than Saint Mary's University must provide, in writing, an official "confirmation of withdrawal" from their institution.

Individuals withdrawing from residence during the academic year must follow all check-out procedures outlined in the Residence Handbook (including appropriate cleaning, disposal of garbage, and return of keys / access cards).

Failure to properly follow check-out procedures may result in the student being charged applicable room and board fees for a period up to and including the entire academic year.

Individuals who withdraw from residence will be charged as follows:

- A) Individuals who withdraw and complete all necessary administrative requirements **before their official move-in date in September** will forfeit the \$500 deposit.
- B) Individuals who withdraw and complete all necessary administrative requirements **after their official move-in date but before the first day of classes** will forfeit the \$500 deposit and be charged for the nights they were in possession of their residence room.
- C) Individuals who withdraw and complete all necessary administrative requirements **after their official move-in date AND are withdrawing from the University / their post-secondary institution altogether** will forfeit the \$500 deposit and be charged for the nights they were in possession of their residence room.

(\*Up to and including the entire term of the Residence Agreement and not exceeding it.)

No pro-rated refund of residence fees will be issued after the last day of classes in a term. Individuals who fail to properly withdraw are subject to Improper Withdrawal / Failure to Depart charges. # GETTING ALONG WITH OTHERS IN RESIDENCE

## ROOMMATE / SUITEMATE CONFLICTS & MEDIATION

It is expected that roommates / suitemates will communicate with each openly and respectfully to establish guidelines and address any issues that occur or begin to develop.

However, sometimes roommates / suitemates find it awkward or uncomfortable to speak directly to their roommate about issues that are occurring in their room or on the floor.

The mediation process is a great way for roommates to address their concerns directly and respectfully with each other in a safe, structured manner. Residence Assistants (RAs) have received training to facilitate this type of confidential meeting in an unbiased, non-confrontational, and non-judgemental manner. They will also make sure the meeting stays on track and that the meeting guidelines are being followed.

A typical mediation session involves the following:

- RA reviews guidelines for meeting (i.e. one person talks at a time, be respectful, no interrupting, no name-calling, tell the truth, etc.).
- First person states their concerns - RA clarifies and paraphrases.
- Second person states their concerns - RA clarifies and paraphrases.
- Both parties agree upon the key issues that need to be addressed.
- Both parties work together to brainstorm ideas to resolve each issue, one at a time.
- RA writes up what was agreed upon - roommate contract - and each party signs.
- Either party can request to re-visit agreement in the future, if it is not working.

# ROOM CHANGES & BED SWAPS

## ROOM CHANGE REQUESTS

Residence students are expected to occupy the room and bed assigned to them by the University through Housing & Residence. However, if students are experiencing problems with their particular room assignment they can apply for a room change, though there is no guarantee requests can be accommodated.

All room changes must be preauthorized by Housing.

**Room Change Request processes normally begin (via the Housing & Residence office) at the end of the first month of the semester. Requests for room changes will not be considered before this time.**

Students may be required to participate in a mediation session with their roommate (if applicable) before a room change is approved.

**Room changes are prioritized at the discretion of Housing & Residence, based on the need of all those who apply (not on a first come, first served basis). All room changes are also subject to the availability of the alternate accommodation.**

## BED SWAPS

All room changes between rooms and apartments must be preauthorized by Housing. However, within an assigned room, roommates may agree to swap beds.

Bed swaps can be completed at any point during the academic year (after arrival) with the consent of both roommates.

ALL individuals involved with a bed swap must immediately inform Housing by completing an official Bed Swap Notification Form.

## **PEST CONTROL**

The Department of Housing & Conference Services strives for a pest-free living environment and is proud of its proactive approach to pest control management. Saint Mary's University retains a professional pest control company on contract and schedules regular on-site inspections of the residence complex throughout the year.

Individuals living in residence are required to assist the Department of Housing & Conference Services in working to maintain the residence community as a pest-free living environment by ensuring they keep rooms, apartments, and bed spaces appropriately neat and clean at all times.

On the advice of our professional pest controller, individuals are prohibited from bringing any type of soft-covered furniture into residence, due to the potential for pest introduction associated with this practice.

Individuals are required to report pest concerns or sightings immediately to the Loyola Residence Desk. Once a pest report has been made, the Department of Housing & Conference Services will schedule an appropriate follow-up and / or inspection with the pest control contractor. Upon receiving the results of the inspection a treatment time for the affected room / apartment / bed space will be arranged.

## **RECREATION FACILITIES**

The Homburg Centre for Health & Wellness, the University's fitness and recreation centre, offers squash and racquetball courts, a weight room, and a multi-court gymnasium. A wide range of intramural athletic activities, including basketball, volleyball, hockey, touch football, and table tennis are available.

## **RECYCLING & SUSTAINABILITY**

Residents are expected to familiarize themselves with the recycling and composting facilities and procedures within residence. Saint Mary's is committed to waste reduction, and compliance with applicable provincial and municipal regulations, and expects residents to share this commitment.

## ROOM CHECKS

To make sure that a proper standard of cleanliness is maintained in residence rooms, room checks can be expected without prior warning to the occupants. Disciplinary action may ensue from an unsatisfactory report being received by the Director, Housing & Conference Services. Students will be assessed cleaning charges when University staff must clean rooms left in an unsatisfactory condition.

## ROOM ENTRY POLICY / GUIDELINES

To ensure the safety and security of individuals, as well as University property, and to effectively respond to maintenance and / or other requests for service it is sometimes necessary for University staff (including Department of Housing & Conference Services staff) to enter rooms and / or bed spaces.

Normally, whenever possible, 24-hour advance notice of room / apartment / bed space entry will be provided to individuals.

However, University staff may enter a room / apartment / bed space without prior notice under the following circumstances:

- In response to an occupant's submitted request to for a lock change, repair, or other maintenance.
- To ascertain whether a room / apartment / bed space is occupied, or to clean / prepare a bed space for a new occupant.
- To protect University property, or mitigate actual or potential damages (in cases of flood, fire, etc.)
- To turn off a stereo or alarm, or close a window that has been left open, while the apartment is unoccupied - normally in response to a complaint / report from another tenant or a staff member.
- When ordered to do so by Halifax City Police or the Halifax Fire Department.
- In a life-threatening situation where there is reasonable belief that a resident is in danger or is a threat to themselves or others.
- When there is reasonable belief that a violation of a University or Department of Housing & Conference Services policy, rule, or regulation -- or a criminal offense -- is in progress.
- When evacuating residence during a fire alarm / fire emergency (or to determine origins of smoke).
- When invited into the room at the request of the occupant.
- To conduct a room inspection, or to follow-up to a work order resulting from an inspection. (NOTE: Individuals are normally given 24-hour advance notice in this instance.)

For ALL University staff (including Department of Housing & Conference Services staff), the protocol for entering a residence room / apartment / bed space is as follows:

- Knock on the door, wait.
- Knock on the door, announce who they are and that they will be keying in / entering.
- Knock on the door while entering the room.

The Department of Housing & Conference Services will not allow non-registered occupants (including friends or family) to gain access to a room to retrieve personal items that may have been left there. It is important that residents do not leave items of importance in each other's rooms. Exceptions may be made based on issues of personal safety and wellness (ie. necessary and clearly identified medications), but only upon approval of a departmental administrator and with permission from the currently listed occupant of the room.

# LEADERSHIP & INVOLVEMENT OPPORTUNITIES

## LEADERSHIP & INVOLVEMENT OPPORTUNITIES

Residence Life offers many ways to get involved! Beyond the programs we create we believe in giving students the opportunity to build their own! Peer-to-peer learning can be some of the most effective so we have designed two programs where students can create their own programs and chose their level of involvement.

## RESIDENCE COMMITTEES

Residence Committees are for students who are looking to get involved in a residence leadership position in campus. Committees are great for your resume or getting campus experience to transition into other leadership roles on campus in future years.

Saint Mary's University Residence Life has two (2) Residence Committees that plan events throughout the year to engage students. The Multicultural Committee and RainBEAU Committee organize a diverse series of events for the Residence community. These committees recruit executive staff positions along with regular members at the beginning of the Fall, but new members are welcome to join throughout the year.

To contact any of the committees, email [residence.programming@smu.ca](mailto:residence.programming@smu.ca).

## STUDENT LEADERSHIP EMPLOYMENT OPPORTUNITIES

Housing & Conference Services and Residence Life also employ a large number of students in different student leadership roles. The two main student leadership employment opportunities available on campus are:

### Residence Assistants (RAs)

Residence Assistants (RAs) are senior student leaders who live in residence. RAs are carefully selected and receive extensive training in maintaining community standards, peer counselling, community programming development and crisis management.

RAs provide personal assistance to students, co-ordinate social and educational programs, explain and enforce policies and regulations, carry out various administrative tasks, and act as a liaison between students and residence administration. They aim to promote an atmosphere in residence that is fun, friendly, and fulfilling, while maintaining a degree of order and discipline. They also try to maintain a balance between a reasonably quiet environment for studying and sleep, and an atmosphere where students can relax and socialize. RAs distribute supplies, post information on the floor, and holding regular floor meetings to keep residents informed, hear their concerns, and help them meet floor-mates.

### Residence Services Officers (RSOs)

Residence Services Officers (RSOs) are members of a student security team under the supervision of the Assistant Director, Residence Services. They work to ensure that the residence community is a safe and enjoyable experience for everyone. RSOs are trained to help inform and educate students about residence community standards, rules, and regulations, and to help enforce University policies and procedures. RSOs are also trained to respond to emergency situations.

More information about these positions and their respective application processes is available on the department website or through the Housing & Conference Services office, the Residence Life Office, and / or the Loyola Residence Desk.

# SAFETY, SECURITY & EMERGENCY PROCEDURES

The Department of Housing & Conference Services has a residence security team staffed by student Residence Services Officers (RSOs) and a full-time administrator. Students share in the responsibility for the security of the residence complex, the individuals living in them, and their personal belongings.

The best defense against property loss is to keep your door locked at all times.

In case of an emergency call Residence Services at 902.420.5591 or the University Security Emergency Line at 5000.

## FIRE SAFETY

### FIRE ALARMS

The Residence Community has a two-stage fire alarm system with voice announcements. The first stage alarm includes an announcement indicating it is a first stage alarm and that there is no need to evacuate: *“Do Not Evacuate. This is a 1st stage alarm. Please stand by for further instruction.”* If necessary, the second stage alarm sounds and includes an announcement clearly stating that immediate evacuation of the building is required: *“Evacuate. Evacuate. Please proceed to the nearest exit.”* In this situation, individuals should promptly exit the building via the nearest and safest stairwell.

### FIRE REGULATIONS

Interference with or misuse of fire protection equipment is strictly forbidden. Tampering with fire prevention equipment is an offense under the Criminal Code of Canada and may result in an individual's immediate removal from residence and a recommendation for suspension from the University. Charges may be laid with the Halifax Fire Department.

In addition to charges and/or fines levied by the Fire Department for false alarms being passed along to the individual(s) deemed responsible, fines of \$150 are issued to apartments (Rice, Senior Apts, and Family Housing) that set off an alarm while cooking. Anyone causing false fire alarms will be fined \$150, and can expect disciplinary outcomes. Students who cause fires can expect disciplinary outcomes. Floors may receive a common assessment fine of \$150 when an alarm originates from the floor due to vandalism / intentional tampering or unknown causes. When the alarm is determined to be accidental, or an individual is determined to be responsible, common assessments are not made. Residents are given a period of time to report responsibility for an alarm and avoid any common assessment against the students on that floor.

Tampering with a smoke detector will result in disciplinary outcomes, up to and including removal from residence. Tampering includes, but is not limited to, disconnection of a smoke detector or covering it with any material in an attempt to limit its function. Nothing should ever be inserted in, through, or placed over a sprinkler head. Security doors and / or fire doors within residence should never be propped open or otherwise interfered with.

## WHAT TO DO IN CASE OF FIRE

### In case of FIRE in your apartment / room / bed space:

1. Close the door of the room where the fire is located
2. Leave the apartment / room / bed space
3. Close the door between the apartment / room / bed space and the corridor
4. Sound the nearest internal fire alarm
5. Evacuate

**If you discover a FIRE anywhere in the building:**

1. Activate the nearest fire alarm pull station
2. Alert everyone in the area
3. Evacuate

PLEASE NOTE: The residences are fire-resistant buildings. If the corridor is filled with smoke, it is safer to remain in your apartment. If possible, placing a wet towel at the base of the door is advisable. Residents should contact the Fire Department. (Dial 911).

**When you leave the floor:**

1. Use the stairwell, it is fire safe.
2. Do not use the elevator
3. Remember the Fire Department Number: 911

**EVACUATION**

Individuals and their visitors / guests must evacuate whenever instructed to do so by the fire alarm / annunciation and, once outside, must stand away from doorways and fire lanes.

Individuals are responsible for becoming familiar with all fire regulations and evacuation procedures, and to inform their guests / visitors of these regulations and procedures. Individuals are expected to cooperate fully with all instructions provided by university and residence staff, as well as those provided by emergency responders. Re-entry to the building will not be permitted until the "all-clear" has been given by the Fire Department / University Security. Failure and / or refusal to evacuate during a fire alarm will result in disciplinary outcomes.

**NON-EVACUATION LIST & POLICY**

Residents and their guests are required to evacuate the residences each time a fire alarm / annunciation sounds and instructs them to do so.

Residents may apply for Non-Evacuation Status for alarms if they meet certain criteria (ie. mobility challenges, temporary or otherwise) through the Loyola Residence Desk or the Housing & Conference Services office. If deemed appropriate, individuals may be granted Non-Evacuation Status and added to the Non-Evacuation List maintained by the department.

During an alarm or evacuation situation, individuals on the Non-Evacuation List may call the Loyola Residence Desk (902.420.5591) for an update. They may also have a friend / attendant stay with them during the alarm. If it becomes necessary to evacuate individuals on the Non-Evacuation List, this will be done by Residence Services Staff and / or the Halifax Regional Fire Service.

If there is any change in the need for the Non-Evacuation Status (extensions, change in End Date), it is a resident's responsibility to notify Residence Services. Questions or concerns about the Non-Evacuation List should be directed to the Assistant Director, Residence Services.

**EMERGENCY MANAGEMENT & MASS NOTIFICATION SYSTEM**

Saint Mary's University is committed to the health and safety of all students, faculty, and staff with University Security offering a variety of safety, security, and crime prevention initiatives. One of these security measures is a Mass Notification System that allows faculty, staff, and students across campus to be notified of an emergency situation. Controlled from the Security Desk in the McNally basement, the system can play a dozen pre-recorded messages in individual buildings or at a series of different locations across campus. The messages can be played both inside and outside of buildings.

More information on the University's Mass Notification System, including a video outlining what individuals should do in the event they hear a mass notification message while on campus, is available on the Emergency Management section of the University website: <http://www.smu.ca/about/emergency-management.html>.

### **INCLEMENT / SEVERE WEATHER, POWER OUTAGES & OTHER INCIDENTS**

In instances of inclement / severe weather or power outages, information is available from the University website ([www.smu.ca](http://www.smu.ca)), as well as the following closure hotlines:

**Student Closure Hotline: 902.491.6263**  
**Staff / Faculty Closure Hotline: 902.491.6264**

### **LAW ENFORCEMENT**

In situations where criminal activity which places University property and / or the personal safety of students and staff at risk is alleged to have taken place / is taking place in residence, the Department of Housing & Conference Services reserves the right to invite the Halifax Regional Police into residence to investigate matters and / or to detain suspects. The Department of Housing & Conference Services, on behalf of the University, also reserves the right to prosecute cases in either a criminal court of law, through the University's student conduct system, or both at the same time.

Incident Reports completed by students may be provided to the Halifax Regional Police and/or the Student Discipline Board at the discretion of the Director. Once submitted, confidential statements / incident reports become the property of Saint Mary's University and will not be returned. Copies of original will not be provided and it is incumbent upon the report writer to ensure they have a copy before handing in their report.

### **LOCK OUTS / OCCUPANT ACCESS**

As staff resources and time allow, residence security staff will unlock the door of a room / apartment or building for the officially-listed occupant of the bed space (or building) in question ONLY. To have a door unlocked and be granted entry / re-entry, individuals must be officially registered and listed as currently living in the room / apartment or building in question and must be able to provide ID to confirm their identity. Individuals must also complete the Occupant Access Request Form.

The first two instances involving residence security staff unlocking a room / apartment or building for an individual will be without charge; all subsequent instances will result in a \$10 Lock-Out / Occupant Access Fee.

### **PRIVATE PROPERTY**

Given the residence complex is private property, the Department of Housing & Conference Services retains the right to refuse entry to visitors, guests, and non-residents who are intoxicated / impaired or who might reasonably be considered a safety or security concern to the residence community.

The Department of Housing & Conference Services also reserves the right to limit the number of visitors and / or guests in the residences. Everyone within the residence complex is required to provide valid photo identification to university or residence staff upon request.

# RESIDENCE CODE OF CONDUCT

# FOUNDATIONAL PRINCIPLES

This Residence Code of Conduct has been established based on the understanding that the following five principles serve as the foundation for a successful year for all individuals and inform how we live in residence at Saint Mary's University: COMMUNITY, ACCOUNTABILITY, RESPECT, DIVERSITY, and SAFETY.

These principles apply to every individual living in residence and their guests, as well as Housing & Residence Staff, Residence Services Staff, Residence Life Staff and Residence Administration.

The primary objective of this Residence Code of Conduct is not to be punitive, but rather to be a guideline for appropriate behaviour in a diversified and holistically developmental living-learning environment.

This Residence Code of Conduct reflects the expectation that individuals will conduct themselves in a manner consistent with generally accepted standards of behaviour, University regulations and policies, departmental policies, and in compliance with federal, provincial and municipal laws, as well as any professional standards and codes of ethics that may apply.

All individuals are responsible for reading, understanding, and abiding by this Residence Code of Conduct and the foundational principles further elucidated below:

## ALCOHOL

Saint Mary's University endeavours to create an environment in which those of legal age (19 years and older) who choose to consume alcohol, do so safely and responsibly, while those who choose not to do so without penalty or pressure. The health and safety of all members of the University community (students, staff, faculty, and guests) is our priority.

Saint Mary's University recognizes that the appropriate use of alcohol is ultimately the responsibility of the individual. As such, individuals are responsible for knowing, understanding, informing themselves of, and complying with, applicable University and residence community policies, as well as all provincial and local laws related to alcohol.

Alcohol will not be accepted as an excuse or rationale for any misconduct.

The University reserves the right to restrict the alcohol consumption of any student while on University property.

Consumption of alcohol in residence, or in any public area in or surrounding residence, is regulated by Nova Scotia's Liquor Control Act. Please be aware that the provincial drinking age is 19. Individuals are required to respect and abide by all applicable federal, provincial and municipal laws pertaining to alcohol.

Individuals should support / promote responsible consumption at all times. Behaviours or displays / collections of items (empty cans, bottles, etc.) or 'trophies' that suggest or encourage inappropriate consumption patterns are prohibited.

Common source alcohol is prohibited – if an individual of legal age is attending an activity or event that allows them to bring alcohol, its use is limited to their own personal consumption.

Please note that alcohol cannot be sold on campus or within residence unless a special premises license is obtained through the University’s Liquor Services.

#### BEHAVIOURAL ISSUES IN RESIDENCE

Residence Community living may not be appropriate for some individuals. Living in a community offers many benefits but also has the added stressor of living in close proximity with others. Individuals who are uncertain if this living environment is appropriate for them can consult with Housing prior to applying to live in residence. Harmful behaviours which negatively impact the residence community will be addressed with the individual.

Individuals have a responsibility to work with Saint Mary’s Residence Life staff and support services on campus to ensure their behaviour does not have a negative impact on the Residence Community. As such, individuals are expected to take proactive steps to ensure their behaviour does not negatively impact on other members of the Residence Community. Housing & Conference Services will support individuals in those efforts and can provide referrals to the Counselling Centre and / or Health Services, where appropriate.

A mandatory withdrawal from residence may be required should an individual’s behaviour surpass our ability to support them or if the impact on other community members cannot be appropriately minimized. A collaborative approach is used to determine when an individual would need to leave, and when they may re-enter the community, if deemed appropriate. This collaboration may involve Health Services, the Counselling Centre, University Security, parents / guardians / supporters, Residence Life, Residence Services, Student Services, and the individual. Housing & Conference Services may require / mediate an agreement with an individual regarding their behaviour, (including adherence to specific stipulations and protocols) allowing for a conditional return to residence, on a case by case basis.

#### BULLYING / CYBER-BULLYING

We will not tolerate incidences of bullying or CYBER-BULLYING in our community. Please see related policies regarding HARASSMENT and VIOLENCE.

## BUSINESSES, ADVERTISING & SOLICITATION IN RESIDENCE

Individuals are not permitted to operate businesses in residence. The University does not permit solicitation and/or any third-party advertising in its residences. Prohibited activities include, but are not limited to, flyers being slipped under doors; door-to-door knocking; door hangers, stickers, or other promotional materials being used / placed in residence; and mass mailings. Information (including things like posters or tent cards) from approved parties is specifically monitored and explicitly approved through Residence Administration.

## CANNABIS

**Saint Mary's University residences are cannabis-free.**

As such, while individuals are responsible for knowing, understanding, informing themselves of, and complying with, applicable University policies, as well as all federal, provincial, and local laws related to cannabis, they should also understand that given ongoing examination of the potential impacts of cannabis in our residence community, **any and all consumption, use, possession, production, and/or propagation of cannabis or cannabis-related products is prohibited in our residences / residence complex.** This includes ALL areas in residence—there are no exceptions.

**Cannabis, in all forms, is considered a prohibited item in residence.** Behaviours (including consumption, use, possession, production, and/or propagation of cannabis or cannabis-related products), odours, and/or other circumstances consistent with a violation of the department's cannabis-free residences policies are prohibited and will result in disciplinary outcomes, including, but not limited to required removal of any prohibited items and minimum fines of \$100 per offense, as well as residence probationary status for repeated / chronic violations. **For the purposes of this policy, a localized odour of cannabis associated with an individual or a residence space (i.e. room, apartment, etc.) is considered a violation and/or proof of a violation.**

Individuals are also advised that Saint Mary's remains a smoke-free campus. Smoking (including e-cigarettes and vaporizers) on University property is strictly prohibited campus-wide. This includes ALL areas in residence – there are no exceptions. Cannabis use / consumption (particularly smoking) falls under the guise of our smoke-free campus policy as well. As such, the smoking of cannabis on Saint Mary's University campus, including within our residences is prohibited. In residence, all floors are considered non-smoking. Those found in violation of this policy will be subject to disciplinary sanctions. A minimum fine of \$100 will be issued per offense.

More information on our Smoke-Free Campus, including the policy itself, can be found on the University website: [https://www.smu.ca/webfiles/6-2016\\_SmokeFreeCampusAndTobaccoUse.pdf](https://www.smu.ca/webfiles/6-2016_SmokeFreeCampusAndTobaccoUse.pdf)

Given cannabis is considered a prohibited item in residence, individuals should be aware that having cannabis or cannabis related products shipped to the Residence Mailroom is also prohibited.

Individuals should note that cannabis will not be accepted as an excuse or rationale for any misconduct.

## CLEANLINESS & HOUSEKEEPING STANDARDS

Individuals are responsible for general cleanliness and maintaining acceptable housekeeping standards within their own rooms. In suites and /or apartments (such as in Rice, Loyola Senior Apartments, and Family & Graduate Housing apartments), occupants are individually and collectively responsible for the day-to-day cleanliness / condition of their unit's halls, kitchens, and bathrooms in their respective units. Failure to maintain an appropriate level of cleanliness / housekeeping, as determined by the University, will result in outcomes including, but not limited

to, inspections by University, staff, fines / cost recovery charges, and/or other remedial measures as deemed necessary.

Refuse, scraps, and garbage are to be properly separated, bound / bagged, and recycled or deposited in the garbage chutes provided on each floor as appropriate.

#### COOPERATION WITH UNIVERSITY STAFF / OFFICIALS

It is expected that individuals will cooperate with University staff and officials in our Residence Community. Residence, Front Desk, University Security, Custodial, Maintenance, and Food Services staff are to be treated with courtesy and respect at all times. It is also expected that emergency services personnel (including, for example, the Police and Fire Departments, as well as EMS) will be treated appropriately. This includes all current University, federal and provincial government, Public Health, and NS Health authority COVID-19-related directives, guidelines, and regulations.

Given the fluid nature of the pandemic, adjustments to these policies or protocols may be posted or circulated throughout the year.

#### DAMAGES

Any individual(s) responsible for damage will be required to pay associated repair and / or clean-up costs and may face disciplinary action. Malicious damage will also result in disciplinary outcomes for those involved. When damages or violations occur and the responsible individual(s) do not come forward or cannot be identified, the Department of Housing & Conference Services reserves the right to levy charges (including repair and / or clean-up costs) or fines against residents of the applicable area or residence. Social and / or recreational privileges may also be suspended as a result of said damage.

Damage to and / or theft from vending machines will result in disciplinary action, including fines or damage charges.

Toilets and sinks are not to be used for any purpose other than those for which they are normally used. Garbage, rags, ashes, or other substances should not be disposed of in toilets. Any damage or injury caused by misuse is the responsibility of the resident of the room, apartment, or community.

Alterations of any description to data / cable outlets or electrical installations are not permitted.

#### DECORATIONS & WALLS

No part of the premises may be painted, wallpapered, or permanently decorated without the written consent of the Housing & Conference Services. This includes a prohibition on products such as canned / spray snow, etc.

Decorations and/or signage should not be placed on or affixed to glass surfaces (such as lounge or suite door windows, glass / windows in common areas, or glass in doors). This includes, but is not limited to, tape, notices, decals, decorations, or any other items.

Only approved adhesive poster strips and adhesive hooks may be used. To ensure that wall and door surfaces are not damaged, tape, nails, screws, tacks, staples or pins are not permitted. In instances where the aforementioned

items are applied to painted surfaces within a room or apartment, a \$2 assessment will result for each item found to be used. Failure to remove these items will result in additional \$2 fines. This assessment is over and above any damage to the room caused by the use of the prohibited item.

For fire safety reasons, nothing may be attached to ceilings, light fixtures, sprinkler heads, or overhead pipes.

#### DIVERSITY, INCLUSION & ANTI-OPPRESSION

We are committed to creating a culture of respect and a campus environment free from oppression manifested in racism, sexism, homophobia, heterosexism, transphobia, ageism, ableism and other forms of systemic and social exclusion. If it is determined an individual has engaged in behaviour and/or actions inconsistent with the above noted commitments, they will be subject to disciplinary outcomes, and their Residence Agreement may be terminated. In extreme circumstances, a case may be referred for review under the University Code of Student Conduct.

#### DRUGS & ILLEGAL SUBSTANCES

Trafficking, use, promotion, or possession of illegal drugs is a criminal offense and will not be tolerated on university property, including residences, either indoors or out. Any unsafe practice involving prescription medications / drugs is also prohibited.

Reasonable belief of either use or possession of illegal drugs or any unsafe practice involving prescription medications / drugs in our residence community will result in disciplinary outcomes. For the purposes of this policy, a distinct odour of illegal drugs is considered sufficient proof a violation of the policy has occurred.

Possible outcomes include, but are not limited to: behavioural contracts, fines, residence transfers, report to Halifax Regional Police, and / or removals from residence.

Noted below are the minimum outcomes related to drug & illegal substance violations:

- A first offence will result in a written warning, a \$150 fine, and an opportunity for educational module completion. If desired, students may request to meet with an administrator.
- A second offence will result in a mandatory meeting with the Assistant Director, Residence Services, an additional \$250 fine, residence probation, and may result in a residence transfer.
- A third / subsequent offence will result in a meeting with the Director, Housing & Conference Services and a removal from residence and ban from all Saint Mary's residence properties for a period of up to one year.

Exceptional circumstances in relation to violations may result in immediate referral to the Director and removal / banning from Saint Mary's residence properties.

Trafficking or production (including growing) of illegal drugs is a criminal offense and will result in an immediate removal from residence, including a ban from all Saint Mary's residence properties for a period of one year.

If it is determined a violation of policies pertaining to drugs and illegal substances has occurred in a residence room, all individuals in the room at the time of the offense are subject to disciplinary outcomes, in accordance with the approach outlined above. All individuals are responsible for the behaviour of their guests; if a guest is found to be in violation of this policy, their host(s) will be held accountable.

#### NOISE & QUIET HOURS

The Saint Mary's Residence Community is committed to ensuring that standards governing noise levels are maintained for the benefit of all individuals. Individuals should avoid disturbing others at all times; the right to reasonable peace and quiet supersedes the right to make noise. All individuals are expected to respect both the spirit and the terms of the policy.

All noise including, but not necessarily limited to, that of stereos, radios, TVs, musical instruments, and all conversations must be self-contained / not be audible beyond student rooms. The only approved animals are service dogs, which are permitted in residence here at Saint Mary's, though there are specific guidelines, definitions, and regulations that apply in this regard. Of particular importance for individuals is the fact that we are only able to accommodate service dogs as defined and certified under the provincial Service Dog Act, which is detailed on Nova Scotia's website: <https://novascotia.ca/servicedogs/>.

We advise prospective residents to should ensure their service dog meets the specific provincial guidelines / definitions as outlined at the aforementioned website. This includes ALL areas in residence – there are no exceptions.

In residence, all floors are considered non-smoking. Those found in violation of this policy will be subject to disciplinary sanctions. A minimum fine of \$100 will be issued per offense.

Smokers and tobacco users are expected to be considerate of the environment and of others' rights when stepping off-campus to smoke. This includes maintaining a low level of noise and adhering to high standards of cleanliness.

The burning of sage, cedar, sweetgrass, kinnikinnick and tobacco is an integral part of cultural ceremonies and therefore may be burned on campus in accordance with the [University's Smudge and Pipe Protocol](#).

In extreme circumstances, a case may be referred for review under the University Code of Student Conduct.

#### WINDOWS

Window screens and window stops must remain in place at all times. A minimum fine of \$150 will be levied against the occupant(s), and additional disciplinary outcomes, including removal from residence may result. Under no circumstances should individuals throw or allow any object to drop from a window; throwing, dropping or ejecting any object from or at a residence building is prohibited.

# PROCESSES & OUTCOMES

## GENERAL OVERVIEW

Violations of the Residence Code of Conduct are normally dealt with by residence staff (RSOs or RAs), the Residence Coordinator (RC) of the residence where the offending individual(s) reside(s), and / or the Assistant Director, Residence Services. It is important to note that outcomes are applied in a progressive and developmental manner, giving individuals an opportunity to learn and grow through the process.

In situations where damages / violations occur and the responsible individual(s) do not come forward or cannot be identified, the Department of Housing & Conference Services reserves the right to administer common assessments (including repair and/or clean-up costs) or fines against residents of the applicable floor, area, section, or residence. Social and/or recreational privileges may also be suspended as a result of said damage.

Individuals are responsible for the conduct of their guests in addition to their own behaviour and conduct.

If an individual chooses to leave (or is removed from) residence as a result of disciplinary action, they are still responsible for all financial responsibilities associated with their Residence Agreement.

In addition to being subject to the Residence Code of Conduct, individuals who commit violations and/or exhibit problematic behaviours or conduct in the Saint Mary's Residence Community may also be referred to the Saint Mary's University Code of Student Conduct. More information on Saint Mary's University Code of Student Conduct can be found at: <https://www.smu.ca/studentconduct/welcome.html>

- COMPLAINT / REFERRAL to THE UNIVERSITY CODE OF STUDENT CONDUCT
